

Discover Where You Are! GOD'S CALL

What Discoverers have said about their experience.

I highly recommend DGC to anyone desiring to find or affirm their place within the body of Christ. A DGC weekend will provide an environment to learn and hear from God.

Rev. Carl Heberg, United Methodist Pastor

It is strange how we will delay receiving a blessing from God. Several people invited me to attend DGC at different times but I was so busy with church, a husband, and two jobs that I did not adequately consider it. When I finally attended it was just what I needed at that time.

Frances Gibson, Pope

I urge anyone who has gone to Emmaus or Cursillo to attend a Discover God's Call retreat. It is not a repeat of that experience, but is a wonderful complement. God will build on your previous experience to show you WHERE and HOW He wants you to show His love in everyday life and in your church. – Debra Galloway, Benton

St. Andrews UMC in Amory has established a prayer room as a result of a specific call received by two of our church members who attended a retreat. This has been a wonderful addition to our prayer and member care ministries.

Debbie Andrews, Amory

“Discover God's Call” is a program to help Christian Church Members discover their Spiritual Gifts, put them to work for the kingdom of God and inspire them to bring this program to their local church and begin to make all church members into ministers. I heartily recommend this program for your personal life and to mobilize your church for Kingdom service. – Cecil Williamson, General Evangelist of the Mississippi Conference

At the retreat God called me to sit...and wait. God knew that when I busy myself with what I believe are activities that serve Him, I don't spend much time with Him or my family. I needed to re-assess my priorities and I learned that helping my wife discover her calling was part of God's plan for me. - Gene Merkl, Starkville

After attending Discover God's Call, I learned about my gifts: faith, miracles and knowledge. Now I walk much more boldly through daily life. BR Arbuthnot, Clinton

I loved attending the DGC retreat. I really enjoyed the small groups, and getting to know people personally. The music and worship time were very special. The leadership team was the greatest - I could feel and see God's love shining through all of them. Thanks for the experience of such an awesome event.

Linda Phillips, Crystal Springs

Since attending Discover God's Call, good things have happened: I am leading an adult Sunday School Class, using my gifts in my everyday life to benefit those I come in contact with and have more confidence in myself and acknowledge that I do have God-given gifts which I will use as God directs me. – Pat McPherson, Oxford
